Outdoor Education Weekend

OEW had 26 kids in attendance and was very successful. Many thanks to all the staff members and all the guest including representatives from the ODNR and Division of Watercraft for their help. There were some challenges including a new book and test that the instructor had less than a month to prepare for. But the weather was good and the grounds looked great!

Decathlon 2017

The decathlon had 57 shooters and was followed by a fantastic Pig Roast. Thanks to everyone who made this event successful.

Trap

There will be 1008 cases of clay targets delivered to the club at 1:00 pm on Saturday August 26th and your help is needed to put them all away. This job is a lot easier if we have as many members as possible to help. Please contact Jerry Jeffers if you have any questions.

Gib Ingwer has also asked for help in cleaning up the high house as we have some unwanted visitors. Please contact Gib if you can help with this project.

Skeet and Trap Concrete Project

Because of the poor condition of some of the concrete at the Trap and Skeet fields, the board reached out and got estimates for re-doing the concrete as well in putting in a drainage system. Four estimates were received ranging from \$11,500 - \$19,200. The board approved the estimate of \$11,500 received from "Concrete Unlimited" A vote was taken at the membership meeting. The project was approved with a unanimous vote of the membership.
